Though,  
I suppose

the last time I was there,  
it was dark and crimson lined.

I thought I would  
see him again.

I wonder if  
something happened ...

This makes it seem like  
I used purification so that  
I would be able to see him.

I was just worried  
about Mr. Koito.

From previous  
experiences I presume  
it should take about  
half a day for her to  
awaken, right?

She doesn't appear  
to be wounded.

I wonder what  
happened to her.

But I'm glad  
Mr. Martin is here.

It's soothing

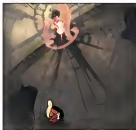

*Has the king's body  
deteriorated so much that  
he needs a new vessel?!*

*Is that the reason why you  
came here in such a hurry?*

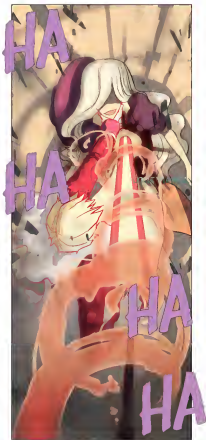

*Answer me!*

*SHIRK*

Your father was  
also a candidate.

However, a discarded  
Spiritus proved to be  
a useless vessel.

Still, he was useful  
in many regards.

PTT:

All you have to do  
is remain as you are

and give us your  
body in the end.

Who is it?

Who is the  
parasitoid's  
original host??

GRIP

Original host?

If there was one,

who could it be?

Someone close to me,  
yet unrelated to you

Someone right  
before you, yet who you  
never considered...

But before that,  
my child, ponder this

is it really your will  
that makes you hate  
the king so much?

What do you -

Will he notice if  
I sneaks away?

As long as the king lives, I cannot be at ease.

The king's negligence killed his son;  
if he disappears, then I can endure.

“I despise the king and  
wish for his death,”

such a notion seems so natural – almost rote.

I planned to assassinate the king.

I slayed an *Imugi* to secure  
a source of *Black Eye*.

By supporting the  
slave revolution, I divided  
the country and made the  
nobles change their concerns.

I released an imprisoned  
Dragon to weaken my enemy—

I even detained the  
suspicious Tashia Rochard...

Wait.

How did I meet him?

**DON'T EVEN DARE THINKING  
OF DOING SOMETHING USELESS!  
THIS CAN ONLY BE REMOVED  
BY MY HAND!**

**NO MATTER WHERE  
YOU TRY TO RUN,  
THAT COLLAR WILL BETRAY  
TO EVERYONE THAT YOU  
BELONG TO ME!**

Oh... I can't  
speak anymore  
And my powers  
are fading.

So...

So,

don't leave.

I hope Mr. Martin  
wakes up soon.

Prince Rulhart,

While the Mirage Beasts  
aren't attacking, we should  
confine and isolate  
the frog.

Lupinus,

I must go somewhere...

Keep an eye on  
them! Warn them they  
don't escape!

I can't trust  
my motivations  
right now,

I should focus on  
paying back my debt  
rather than continue  
these speculations

I can't deal with  
these doubts later.

Dark, to Zola's.

We're going to  
visit Eren Rockard.

Assistant Kim Yon Dong Eri
